ELECTION OF PTTA VICE PRESIDENT – November 24, 2026

ELECTION STATEMENT

Angela Waters

I am honoured to seek your support in the upcoming PTTA Vice President election. Having served as my school's Head Council Representative for six years and being in my third year as Past President, I welcome the opportunity to continue serving Members in this capacity.

My diverse teaching experiences within Pembina Trails allow me to better represent all PTTA Members. I am committed to Pembina Trails teachers and ensuring that their concerns are heard and that our Collective Agreement is upheld.

Throughout my career, I've served on numerous committees and spearheaded the updates for PTTA bylaws, constitution and policies. I was selected for this year's MTS Labour School cohort, reflecting my dedication to leadership and lifelong learning.

I've studied French since childhood and value its place as one of Canada's official languages. I continue learning independently and in conversation with my three children, all educated in French immersion programs. À mes collègues bilingues, je me mets à votre service.

As Vice President, I will serve with dedication, integrity and determination, listening to Members, amplifying their voices and advocating for equity. I strive to build capacity, practice active allyship, and support marginalized and underrepresented groups.

I am proud of our work as teachers, Council representatives and Executive members, yet concerned about declining work-life balance and its impact on new teachers and our profession. This motivates my drive to improve working conditions for educators.

I respectfully ask for your support to advocate for teachers and create an equitable working environment for all.
